PROCESS FLOW: HOW TO GET DIAGTUATOR HELP FOR REMOTE DIAGNOSTICS

DIAGTUATOR
ACTUATOR DIAGNOSTICS BY DATA

1. Download datalogger from your actuator.
2. Send *.idf files to Diagtuator (info@diagtuator.com).
3. Diagtuator will send to your e-mail your report with full analysis.
4. In case you need a group analysis, simply download and send together all the files.
5. All data of your actuators, will be deleted after the final report is sent to you, because **your data is confidential**.
